

Ordinance Type	District Operations	Date Adopted	June 28, 2006
Ordinance Number & Title	21000 - Fire Hydrants	Date Amended	June 25, 2008

21000.01 Charges for Installation

Upon application for installation of one or more fire hydrants, a Customer shall pay such charges as shall be determined on the basis of actual costs incurred by the District in performing the work. At the time of application for the installation, the District will estimate the total costs to be incurred in performing the work. The Customer shall deposit the estimated amount with the District prior to commencement of the work. If actual costs incurred by the District are less than the amount deposited, the District shall refund the balance of the deposit to the Customer. If the costs incurred exceed the amount deposited, the Customer shall reimburse the District for the additional costs.

21000.02 Use of District Fire Hydrants

21000.02.1 For Training and Fire Fighting

- A. The District will allow municipalities and fire agencies to use District fire hydrants for training and fire fighting purposes. The General Manager reserves the right to revoke such authorization due to use that interferes with the operation of or could cause damage to the District's water systems, or due to excessive use of water. Any non-emergency water usage shall be metered and usage reported all use to the District on a quarterly basis.
- B. The District intends to provide water necessary for fire fighting, subject to limitation due to normal maintenance and operation of the water system. The District makes no guarantee that it will supply an unlimited amount of water or adequate pressure to any hydrant in the District, or that it will at all times maintain such hydrants in an operating condition.

21000.02.2 For Other Purposes

Unless otherwise authorized by permit, the use of fire hydrants for other than training and fire fighting purposes is prohibited. Any Person violating the provisions of this Section shall be subject to criminal and civil actions as prescribed by law.
